## ABOUT ME

An Italian who has called England her home since 2015. Coming from a large Mediterranean family, I am currently looking for a company where I can grow my skills and compliment its culture, share my Italian cooking, and work together to succeed.

## TECH SKILLS

- HTML5
- CSS
- Javascript
- SCSS
- jQuery
- React
- Firebase

## SOFT SKILLS

- Team working
- Supportive
- Responsible
- Open-minded
- Good Communication
- Creative
- Listener

## INTERESTS

- Self-taught guitar;
- Exploring the outdoors and member of the National Trust;
- Being generally creative, including creation of my home decor.

## OBJECTIVE

Highly motivated and driven Software Developer committed to a personal passion - Technology and Programming. Always curious and willing to learn more. Able to work within multi-functional teams to support decision making with experience in working in a process driven environment. Interested to apply logic and detailed analysis to define solutions that meet customer needs.

As proof of my commitment to this industry, I am currently on a full-time 3 months intensive tech conversion course, building a foundation of essential coding and business skills.

I believe I have the right mind-set and knowledge to become a valuable web developer, able to work in a dynamic and challenging environment.

## EXPERIENCE

### \_nology Tech Conversion Course

**Jun 19 - Sep 19**

Three months intensive course where I learnt and delivered the following, over and above the tech skills already listed:

- Developed a web app for a start-up company as a group project, ensuring that this was delivered on time and in line with the product owner's criteria that supported an application for further investment;
- How to work within an AGILE orientated working environment, using Kanban and Scrum methodology, including running a retrospective;
- Understanding of UX + UI design thinking, and lean canvas;
- Fundamentals of testing, how to use Unit Testing;
- OOP: using JavaScript and React on the basis of Atomic Design;
- Reach React fundamentals in routing;
- Understanding of Bootstrap framework;
- How to use Firebase in the context of authentication, hosting, and database;
- The basic on how to use API's: REST;
- The importance of Soft Skills in the context of communication, productivity/performance and resilience/wellbeing.

### SCRUB NURSE in Theatre

**Oct 17 - May 19**

Southmead Hospital- North Bristol NHS Trust:

- Active role assisting surgeons carrying out surgical procedure in line with NHS processes;
- Ensure all clinical and legal documents are complete, accurate and legible on bespoke NHS software;
- Provide high quality, effective and individualised care to patients.
